16 AUG 1968

25X1

MEMORANDUM FOR:

SUBJECT :

25X1

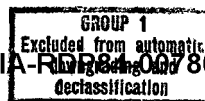

was in to see me and raised the question of his retirement date and he believes it age 62. While he did not so request, he would be interested in serving beyond age 62. He pointed out that the

25X1

retirement age is 65. I advised I could not recall his state of retirement date, but I would look this up and let him know. Please pull up the necessary information and see me on this matter.

R. L. Bannerman

CONFIDENTIAL

TRANSMITTAL SLIP		DATE 16 August 1968
TO: Mr. Bannerman <i>Noted</i>		
ROOM NO.	BUILDING	<i>I am writing memo</i>
REMARKS: [] is one of those who was given three retirement letters. The first in 1966 set his retirement date at age 62 in August 1971. The second letter announcing the change in Civil Service retirement policy established his date of retirement at August 1969 on the age 60-20 years service formula. The third letter dated June 1968 stated that if the 1969 date would create difficulties, he could apply for a deferment of his retirement which he has not yet done. Such requests based on the third retirement letter have been handled fairly routinely with approval up to age 62.
